Mr. Muyiwa O. Fatokun
Ag. Director, Information Management and Technology Centre.

Dear Mr. Fatokun,

SPECIAL COMMENDATION AND APPRECIATION FOR YOUR DEDICATION AND SELFLESS SERVICES

I write to personally commend and appreciate you for your commitment, dedication and selfless services to the continued growth and development of this University.

There is no doubt that the University was able to make tremendous achievements in year 2023. First, we were able to complete the 2022/2023 academic session. Second, we were able to graduate two sets of students in a combined ceremony that marked the end of delayed students' graduation. Third, we were able to secure accreditation and resource verification approvals for quite a large number of academic programmes. Fourth, we were able to commence fresh undergraduate admissions for the 2023/2024 academic session in October and conclude same in December, 2023. More importantly, we were able to sustain the established peace, tranquility and calendar stability on Campus. I strongly believe all these could not have been achieved without your consistent understanding and immeasurable support as the Acting Director of the University's Information Management and Technology Centre within the period.

I therefore wish to single you out for a special commendation and appreciation for your unceasing contributions to the development of the University at all times, and more specifically for the year ending 2023. Please accept my commendation and appreciation, as I look forward to increased support, understanding and contributions towards the development of the University in the upcoming years.

Thank you very much, and do kindly accept my best wishes of a merry Christmas and a fulfilling new year ahead.

Yours faithfully,

Prof. Odunayo Clement Adebooye
